

# ALAPPUZHA JILLA PRAVASI ASSOCIATION KUWAIT

(AJPAK)

ajpakkuwait@gmail.com

INDEMB/KWT/ASSN/294

15th July, 2024

His Excellency the Ambassador Dr. Adarsh Swaika,  
Ambassador of The Republic of India,  
The Embassy of India  
Kuwait.

Dear Honorable Ambassador,

**Sub: Alappuzha Jilla Pravasi Association Kuwait (AJPAK)-Experience Certificates to Nursing staff.**

Alappuzha Jilla Pravasi Association Kuwait (AJPAK) is a district association formed in Kuwait on 25<sup>th</sup> February 2016, registered with Indian Embassy under registration number INDEMB/KWT/ASSN/294. The basic goal of the association is to extend charitable services to the needy people within Kuwait as well as in India and promote India's socio-cultural values in Kuwait. AJPAK is one of the leading associations having about 3,000 members from Alappuzha district in Kerala.

This letter is to address and invite your kind attention to one of the serious issues faced or still facing by the Nursing staff worked and still working in Kuwait. Understand that Ministry of Health & Nursing Service Administration has stopped providing Experience certificates/ Still working certificates/Good standing certificates to any nursing staff even after resignation. We were given to understand that this situation has created loss of job opportunities to many aspirants who were and are seeking job opportunities in other countries. Many of them are deprived of taking their ambitious job opportunities just because they couldn't submit their authenticated experience certificate or good standing certificates issued by the Ministry of Health & Nursing Service Administration and therefore their future is at stake now. We, as an association working among the Indian community, thought that it is our duty to bring this subject to the notice of the Honorable Ambassador and seek solution to this issue, of course observing the rules of the land, so that the positive result will be a consolation for many Nursing staff.

Respected Honorable Ambassador, you are known for finding solutions amicably to the varied issues and problems facing by the Indian community in Kuwait and we strongly believe that you will be able to find an

amicable solution to the issue we brought into your attention herein with the Ministry of Health & Nursing Service Administration.

We are thankful to you in finding some of your valuable time to read this letter and finding a solution to this real problem our Nursing staffs are facing.

We are looking forward to hearing from your good self soon.

Sincerely,

Kurien Thomas

President
